

2020 WELCOME MESSAGE

Mr CM Maimela, Nkangala TVET College CEO

I would like to welcome all of you back to the college in 2020. I hope the much needed rest from the 13 December 2019 till now served its good purpose. Colleagues are back with new energies to fulfil the needs of the people we serve.

We are looking forward to creating more pleasurable memories of education to the students, and working hard with the communities and stakeholders relevant to education for upliftment of the country's economy.

We have in the past made strides in producing quality graduates who entered the job market ready, because of the training and education received. I want to take this moment to challenge the College graduates and current students, to think like entrepreneurs and become future employers.

The strained economy can use the initiative, especially from the young minds. Nkangala TVET College is planning to host several seminars for business development and support. Students and communities around will benefit.

Registration of students will commence and unfold as follows:

Registration for first entering students, whose application to study is successful and have been notified by the College will start from the 13 to 17 of January 2020.

Dates for registration of the returning students are from 15 and 16 to 17 January 2020.

Classes in all the five campuses will commence on the 20 of January 2020.

Let us hit 2020 ground running and progress further, academically and administratively. Training of students and offering better education are keys for economic development.

Welcome back.
